

A Journey through Film

Filmmaking is hard. Having been proficient in front of and behind the camera for most of his adult life, Liam Stenson surely understands that. Now he sits down with some of the most aspiring filmmakers Hollywood has to offer, to talk all about the talented craft of motion pictures and how we got some of the “worst films ever made”. You’ll laugh along as you learn about what constitutes a “good” film, and how “the martini shot” became common jargon in the cinematic world.

The Martini Shot’s goal is to use our podcast and blog to share our authentic love and admiration of filmmaking with listeners to inform and inspire them — and help make their world a lighter, more cinematic place in the process.

Tis the season of Spring, and that of Easter. We're taught, through this holiday, to be grateful to our Heavenly Father and Jesus Christ. At Easter, we celebrate the gift of triumph over every fall we've ever known, every grief we've ever experienced, every discouragement we've ever felt, and every fear we've ever faced not to mention our resurrection from death and forgiveness for our sins. That triumph is attainable to us because of events in Jerusalem over two millennial ago.

This Easter, I praise Him and the Father who gave Him to us for the fact that Jesus still triumphs over death, even walking on injured feet. This Easter, I praise Him and the Father who gave Him to us for continuing to offer infinite grace, even with wounded hands and scarred wrists. This Easter, I thank Him and the Father who gave Him to us for allowing us to sing in front of a sweat-stained garden, a nail-driven cross, and a beautifully empty tomb:

Yet this Easter, I'd also like to express my gratitude to you. Those of you who read our blog on a regular basis, either by an email subscription, an RSS feed, or by visiting the site.

I appreciate the time you've taken to read what we've written. Ask any of us, and we'll tell you how many we spend writing these blogs and debating which topics to cover. But without you, all of our efforts would be futile

As a result, I'd want to genuinely and publicly thank you for the time you've given us each week. You've helped us complete this campaign with the highest highs, and you've helped us reach our goals like we couldn't even begin to imagine. We can not begin to thank you enough for that. You helped us achieve our goals; whether that by simply clicking our social media posts or subscribing to our email subscriptions, you seriously helped us out, and we couldn't be more proud.

If there's something that you wished you would've seen more of, or if there's something that you loved (maybe that ballot campaign for a gift card), let us know in the comment section down below!

If I could, I'd love to end our last post with a quote from the Holy Bible...

"Praise be to the God and Father of our Lord Jesus Christ! In his great mercy he has given us new birth into a living hope through the resurrection of Jesus Christ from the dead."

Better Call Saul: Season 6 (Everything You Must Know)

April 11, 2022

Two-year hiatuses in TV series are usually difficult. They may also be much-needed respite for a series' creative team to prepare for the next cycle of narrative. In other circumstances, it's a definite way to lose steam. Of course, "Better Call Saul," like many
